

Hi All

I've had a few requests for info on the RV area this year at Winter Blast.

First, the fee is \$30 for the weekend or any part thereof. If you're only able to come in for one night then it's going to suck to be you as it will cost you \$30 for that one night to park your RV.

On the other hand if you get there on the 11th, like most people, and stay to the bitter end, then you're getting a great deal at \$30 for the weekend.

It's \$30 either way. It makes bookkeeping much easier that way.

Second, this is dry camping. No hookups, no electricity, no water, no sewer, no swimming pool, no clubhouse (unless you consider Dan's fire pit a clubhouse), no concierge service, no picnic tables, no nothing except a place to park your RV in a semi level area with a pretty good fireworks display very nearby.

There are flush toilets within walking distance in the middle of the ball diamonds and Lynden has promised that there will be an outhouse near the middle of the RV area on the batting cage side of the road.

If you are planning on bringing your RV and camping out with us please email me off list with what it is you're bringing, (truck camper, trailer, 5th wheel, motorhome) the approximate size of your rig, the date of your expected arrival, your cell phone #, the license plate number on your rig and the state of registration.

Thanks everyone. I look forward to hearing from you and seeing you all at WWB21.

Kirby
